PROFILE

IT Graduate with a strong foundation in computer systems, networking, cybersecurity, software testing, web technologies and database management. Skilled at learning new technologies and solving technical challenges through analytical thinking and problem-solving. Seeking an entry-level IT opportunity to apply my skills, contribute to team success, and grow professionally in the fields of Networking, Cybersecurity, Software Testing, Web Development, or related IT domains.

INTERNSHIP

- Back-end Developer Intern | Ervon Technology Pvt. Ltd.
January 2026 – March 2026.
 - Developed a travel platform using Express.js, focusing on optimized server-side logic and RESTful API integration.
 - Managed full-stack synchronization to ensure seamless data flow between the UI and SQL databases.
 - Optimized end-to-end workflows, including user authentication and booking processes.
 - This is my Travelling website project link:
<https://travalling-website.vercel.app/>

CERTIFICATION

Java Certification – Asset Computer Education

Gained knowledge of Core Java, OOP concepts, Collections Framework, Exception Handling, Multithreading, JDBC, Servlets, JSP, and database integration.
